GEORGE B. CHANDLER AT WESTERLY

Speaks Under Auspices of Board of Trade—Topic, America in the World Crisis—Girl Knocked Down by Automobile Tuesday's Total Registration 822—Forty-one Women to Take Town's Military Census in One Day.

There were elections in the towns of Lincoln, South Kingston, Exeter, Richmond and Hopkinton, and the republicans were victors in all save Hopkinton, where the citizens ticket won out with ease. One of the features was the surprisingly large increase in the democratic vote of South Kingston. In Hopkinton, the border town of Westerly, Rev. E. Adelbert Witter was elected town clerk to succeed Edward R. Allen, who had served for half a century and declined renomination, defeating Earl Mathewson, republican, by a vote of 236 to 187. The other officials elected are: Elias R. Richmond, treasurer; Elisha R. Bligood, William H. Durfee, Gardner Burton, Edward Murray, Frank C. Burdick, councilmen; Warren R. Tucker, George R. Hoberton, Eugene B. Wheeler, assessors; Amos L. Kenyon, overseer of poor and superintendent of town farm; Henry B. Kenyon, school committee; Adelbert R. Clark, Nathan G. Wilbur, George R. Hoberton, justices of the peace; Gardner B. Kenyon, moderator. First voting district: William H. Durfee, clerk; Gardner G. Burton, moderator. Second district: William L. Greene, clerk.

Mrs. Samuel H. Davis of Westerly attended a Red Cross special session in Providence at which was planned a statewide campaign in connection with the Red Cross drive week, June 18 to 25, as proclaimed by President Wilson. The object of the campaign is to raise \$100,000,000 war fund, called for by the war council of the American Red Cross. Henry P. Davison, chairman of the war council, makes these statements:

"We are not quite ready to announce the details of the campaign. Probably to every state on the basis of its banking strength will be assigned its reasonable quota of the sum we must have, and thus subscription effort will be systematized, concentrated. We have got to build a wall of granite or prepare to suffer what Belgium, northern France, Poland, Serbia and Rumania have suffered. The first masonry in that defensive wall should be, aside from questions of military service, assistance to the Red Cross."

Under the auspices of the Westerly Board of Trade, George B. Chandler of Rocky Hill, a member of the Connecticut board of compensation commissioners and also of the board of food supply of that state, entertained and instructed a large audience in the town hall Wednesday evening. Mr. Chandler is a gifted public speaker, and he spoke on the timely subject America in the World Crisis. President James M. Pendleton presided and there was a large attendance of members and other citizens. He stated that every American man and woman is vitally concerned in the outcome of the world war, and that the moral and spiritual sides of the great struggle in which civilization and humanity is at stake. There is need of patriotism and unitedness of the American people, not only in serving under arms, but in economy and in the production of foodstuffs. The world is already in need. He said all have a duty to perform, in some capacity, and that the people should seem to be fully awake to the realizing sense of the situation of the United States in the pending contest. Mr. Chandler spoke for more than an hour, was given the closest interest and received heartiest applause.

Elizabeth Roan, 10 year old daughter of Mr. and Mrs. John Roan of West street, was struck and knocked down by an automobile when in front of the John H. Murphy building in Canal street, near Hill, Tuesday evening. The girl was taken into the office of Dr. M. H. Scanlon. Her lips and right cheek were severely swollen and she sustained minor cuts. The automobile was operated at the time of the accident by Michael Gilronan, the other occupants being the owner of the car and his wife and a man. This last named was seated beside the driver and when Chief Brown investigated this man was the only one who had his license with him, although the other two men are licensed operators. The presence of the license saved the other two men from arrest.
